CHANGED DATE!!!!

Bordeaux, France
26th-29th June 2013
The 6th International Passive Sampling Workshop will focus on the development and the use of in situ passive samplers for environmental monitoring, ecological risk assessment, etc. Since latest meetings, main hot (but not definite) topics are focused on:

- Theoretical concepts and modeling
- Development of novel devices
- Calibrations of passive samplers especially with emerging contaminants
- Data evaluation/analysis, interpretation
- Applications for regulatory monitoring and compliance with policies,
- Pairing passive sampler extracts with bioassays for identification of unknown pollutants or in situ toxicity evaluation

### KEY DATES

**Abstract and poster submission:**
1st January 2013-31st March 2013

**Notification of acceptance:** April 30th, 2013

**Final Announcement and detailed program:**
End of May, 2013
