

Preliminary programme

Below more information on the preliminary program can be found. For more information on the social program, please take a look at this [link](#). The programme can be modified according to the number of participants.

Sunday, September 18

17:00 *Registration and welcome drink at bar Walden*

Monday, September 19

The first day of the IPSW2022 program will be determined after abstract submission is closed. Do you want to present your work on passive sampling during IPSW2022? Now is your chance! Please submit your abstract via this [link](#).

8:30-9:00	Registration
9:00-9:15	Opening Ceremony
9:15-10:30	Morning session part I
<i>10:30-11:00</i>	<i>Poster session with tea</i>
11:00-12:30	Morning session part II
<i>12:30-13:30</i>	<i>Poster session with lunch</i>
13:30-15:00	Afternoon session part I
<i>15:00-15:30</i>	<i>Poster session with afternoon tea</i>
15:30-17:00	Afternoon session part II
17:00-17:15	Closing remarks
<i>17:15-18:00</i>	<i>Poster session with drinks</i>
<i>19:00-onwards</i>	<i>City tour and drinks&bites at De Rechtbank</i>

Tuesday, September 20

The second day of the IPSW2022 program will be focused on the application of the technique within a regulatory context and is organized in collaboration with the NORMAN working group on passive sampling. All participants will be actively involved in various workshops and discussions, rather than to sit back and listen. The main goal is to find ways forward for the use of passive sampling and for stronger implementation of passive sampling in policies.

9:00-9:15	Opening Ceremony	
9:15-9:25	Short introduction in passive sampling	
9:25-10:00	Keynote on the challenges with water quality monitoring and the Water Framework Directive	
10:00-10:15	Inventory of main questions to be addressed	
	Questions regarding the use of passive sampling	
	Questions regarding putting passive sampling in policies	
<i>10:15-10:30</i>	<i>Morning break</i>	

10:30-12:30 Workshop carousel to learn more about (the use of) passive sampling

There will be 4 rounds of parallel workshops (participants can choose freely) of 25 min. Each workshop is given 4 times. Each participant can choose 4 out of 6 workshops:

1. WFD and water monitoring – A French perspective
2. A national demonstration of the relevance of passive samplers for water regulatory monitoring
3. Examples of water monitoring in Ireland with passive samplers versus grab water samples
4. How PS can be used to identify sites for investigative grab sampling for WFD compliance assessment?
5. Outputs from the Monitool project – WFD monitoring of metals
6. A regulatory monitoring program with passive samplers in Czech Republic

12:30-13:30 Lunch break

13:30-15:00 Workshop session on challenges: how can we move forward with passive sampling?

15:00-15:20 Afternoon break

15:20-16:05 Group discussion: what have we learned so far?

16:05-16:50 Next steps and who can do what?

16:50-17:00 Evaluation and closing remarks

17:00-18:00 Drinks
